

Boston Harbor TASL Census

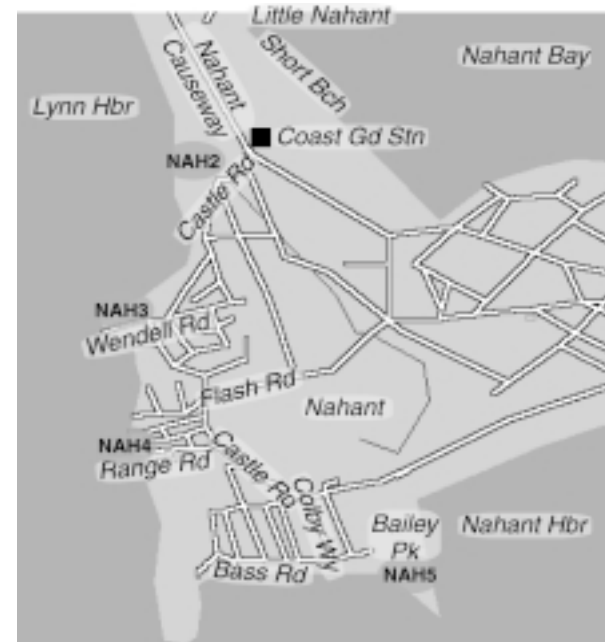

Lynn Harbor Winter Census Route

NAH1: LYNNWAY ROTARY-From rotary at N end of Nahant Causeway go south 200 yards toward Nahant. Take first right into public landing parking lot. Everything visible in Lynn Harbor is countable. Pay particular attention to shorebirds on channel-marker rockpile to SW.

NAH2: COAST GUARD STATION-Go S on Nahant Causeway past Little Nahant. Take first right on Castle Road, then park behind drugstore on left. Walk across street and census everything in Lynn Harbor to NW.

NAH3: BLACK ROCK POINT-Continue SW on Castle Road, take first right on Wendell Road. Check W toward Point of Pines, SW along beach.

NAH4: WEST CLIFF-Go back to Castle Road and go right. At 5th right take Range Road to parking lot of VFW Club. Census W and S along beach.

NAH5: BAILEY HILL-Back on Castle Road, continue SE straight on to Colby Way. At end take a left on Bass Road, park at Bailey Park. Walk up hill next to sea cliffs and check entire perimeter of park. Look S toward Hull, then E and NE into Nahant Harbor.

NAH6: **TUDOR WHARF**-Retrace route to intersection of Castle Road with Flash Road. Take a right on Flash Road and follow to right on Emerald Road, then left on Willow Road. Take a right on Wharf Street and park at end of wharf. Census birds in cove E of wharf

NAH7: **JOSEPH'S BEACH**-Return to Willow Road, take a right and go to end. After taking a left on Cliff Street, park on right and census Joseph's Beach Cove and Irene's Grotto.

NAH8: **EAST POINT**-Continue on Cliff Street to end. Take a right on Nahant Road and follow to parking lot at end next to Northeastern University fence and gate. *[You need a Nahant Resident Parking Sticker at this spot.]* Walk through gates and follow painted lines on road to Henry Cabot Lodge Park at top of hill. Census birds in open ocean south of East Point. *On the way back, at the sharp turn in the road where Boston skyline is visible in the distance, check the ledges and Pea Island carefully: Harlequin and Lesser Black-backed Gull have been seen on these ledges several times recently.*

NAH9: **POINT OF PINES**-From Lynnway Rotary go SW on Rte 1A and cross General Edwards Bridge. Follow exit signs for Point of Pines; after going under overpass, turn left, then bear right to avoid recrossing GE Bridge. Take a right on Rice Avenue and park shortly after Point of Pines Yacht Club.

NAH9A: Walk across street and up berm to see mouth of Pines River and beach. Check gulls here carefully.

NAH9B: Continue on Rice Avenue, take a right at Wadsworth Avenue, park near the end, walk to beach. Check rack line for roosting shorebirds at higher tides.

NAH9C: Take a right at Rice Avenue, a right at Bickford Street, then a left at end on Lynnway. Continue to rotary at Carey Circle.

Lump all counts from 9A, 9B and 9C.

NAH10: **REVERE BEACH**-Continue SW on Revere Beach Road.

NAH10A: Stop ¼-mile from Carey Circle. Check for gulls, shorebirds and ducks.

NAH10B: Continue SW to Oak Island Road (first right). Park and check for gulls, shorebirds and ducks.

NAH10C: Continue SW to Hartford Street (Revere Beach Road becomes one-way the wrong way here.) Go right, then immediately left on Ocean Avenue. Continue S to Eliot Circle (rotary at S end of Revere Beach). Park and check for gulls, shorebirds, ducks and cormorants. Your boundary-line runs almost directly E from rotary.

Lump all counts from 10A, 10B and 10C.
